### Checklist

| Source refs | Assumption | Item | Owner | Due | Status |
|---|---|---|---|---|---|
| RAD:A-04, Q1 | no | Legal confirms the 8 vendor-owned Kansas assets can be licensed to California (Exhibit C Part 1) | Legal | Nov 20, 2026 | outstanding |

| Source refs | Assumption | Item | Owner | Due | Status |
|---|---|---|---|---|---|
| RAD:D-01, Q1, Q2, Q3 | no | Full Addendum 1 received and confirmed (only the Q1–Q3 excerpt is in hand) | Bid lead | Nov 20, 2026 | outstanding |
| RAD:D-02, RAD:R-01, KS-JM-01, KS-JM-02, KS-UI-01, KS-UI-02, KS-LG-01 | no | Kansas written release for the 5 state-owned assets received (request drafted at stage 3) | Legal | Nov 27, 2026 | outstanding |
| RAD:D-04, RAD:R-07 | no | Security and privacy reviewer contracted (At risk) | Delivery manager | Dec 1, 2026 | outstanding |
| RAD:D-03, RAD:R-10 | no | Translation vendor quote received for the separate language price line | Finance | Dec 1, 2026 | outstanding |
| RAD:D-05, RAD:A-08 | no | Finance approves the cost template and rate card (Exhibit A), | Finance | Dec 4, 2026 | outstanding |

| | | and sets the contract price | | | |
| RAD:A-07, EMP-104, EMP-166, EMP-133, EMP-140, CTR-009 | no | Resource holds placed on named staff, including key personnel | Delivery manager | Dec 4, 2026 | outstanding |
| RAD:D-06, RAD:R-09 | no | General counsel approves clause playbook fallbacks and the liability carve-out position | General counsel | Dec 8, 2026 | outstanding |
| RAD:R-01, RAD:D-02, Q1 | no | Legal + UX lead decide the escalated Kansas third-party materials position (pass-through licence or redesign option) | Legal + UX lead | Before Dec 11, 2026 | outstanding |
| RAD:R-02, PB- | no | Medi-Cal eligibility SME named | UX lead | Before Dec | outstanding |

| Source refs | Assumption | Item | Owner | Due | Status |
|---|---|---|---|---|---|
| 2024-09 | | for the proposal and the key personnel exhibit | | 11, 2026 | |
| INT-02 | no | Named approvals recorded for stage 1–5 agent outputs (audit trail) | Compliance officer | Before Dec 11, 2026 | done |
| RAD:D-07 | no | State notice of intent to award received | Bid lead | Jan 15, 2027 | outstanding |
| RAD:R-09, RAD:D-06 | no | Negotiation completed. Any redline outside fallback is escalated at H5 to the listed approver (General counsel, Finance, Delivery manager, Privacy officer). | General counsel | Before Feb 1, 2027 | outstanding |

| Source refs | Assumption | Item | Owner | Due | Status |
|---|---|---|---|---|---|
| RAD:D-08 | yes - The documents do not name our corporate signatory; the owner shown is the D-08 owner. | Vendor authorised signatory signs the Agreement | Executive sponsor | Feb 1, 2027 | outstanding |
| RAD:D-08, Q3 | no | State signatures and funding approval: contract execution, which starts the 6-month clock | Executive sponsor | Feb 1, 2027 | outstanding |
| RAD:D-09, RAD:R-06 | no | Second accessibility specialist contracted (post-execution) | Delivery manager | Apr 1, 2027 | outstanding |

## Clock start

| Source refs | Assumption | Confirmed | Basis |
|---|---|---|---|
| Q3, RAD:A-05, RAD:D-08 | no | yes | Addendum 1 Q3 states the 6-month term starts at contract execution, not award, and the RFP term reads '6 |

|---|---|---|---|
| | | | months from contract execution'. Planned execution is Feb 1, 2027 (D-08), so the planned end of term is the end of July 2027 (derived). A later execution date moves the whole term. |

## Outstanding approvals

- Legal: licensing rights for the 8 vendor-owned assets (A-04, Nov 20, 2026)
- Bid lead: full Addendum 1 confirmed (D-01, Nov 20, 2026)
- Legal: Kansas written release (D-02, Nov 27, 2026)
- Delivery manager: security and privacy reviewer contracted (D-04, Dec 1, 2026; At risk)
- Finance: translation quote (D-03, Dec 1, 2026)
- Finance: cost template, rate card and contract price (D-05/A-08, Dec 4, 2026)
- Delivery manager: staff holds (A-07, Dec 4, 2026)
- General counsel: clause fallbacks (D-06, Dec 8, 2026)
- Legal + UX lead: escalated Kansas third-party materials position (before Dec 11, 2026)
- UX lead: Medi-Cal SME named (before Dec 11, 2026)

- State: notice of intent to award (D-07, Jan 15, 2027)
- Vendor authorised signatory: contract signature (Feb 1, 2027; signatory not named)
- State: signatures and funding approval (D-08, Feb 1, 2027)

## Open questions

| Question | Why it matters | Source refs |
|---|---|---|
| Who are the State's signatories and funding approvers for contract execution, and what is the State's internal approval sequence? | D-08 (state signatures and funding approval) is needed by Feb 1, 2027, but no document names the State approvers or their lead times. Only 17 days separate notice of intent to award (Jan 15) from planned start, and R-05 depends on tracking these approvals weekly. | RAD:D-08, RAD:D-07, RAD:R-05 |
| Who signs the contract on our side (authorised corporate signatory)? | The documents name approvers for clause positions (General counsel, Finance, Delivery manager, Privacy officer, Legal + UX lead) but no one with authority to execute the Agreement. The checklist carries this as an assumption. | RAD:D-06, RAD:D-08 |

| Question | Why it matters | Source refs |
|---|---|---|
| If execution slips past Feb 1, 2027, will staff holds be extended beyond July 2027? | The clock starts at execution (Q3), so a slip moves the whole term, but availability and holds cover Feb–Jul 2027 only (A-07). | Q3, RAD:A-07, RAD:R-05 |
| Has the full Addendum 1 been posted, and does it change Q3? | The clock-start confirmation rests on the Q3 excerpt. D-01 is still not confirmed complete. | Q3, RAD:D-01 |
| Will the escalated Kansas third-party materials position be decided before Dec 11, 2026? | It is the only clause outside the playbook (Legal + UX lead). It depends on D-02 (Nov 27) and must be settled before submission, not at H5. | RAD:D-02, RAD:R-01, Q1 |

## Rad impacts

| Item id | Action | Note | Source refs |
|---|---|---|---|
| A-05 | closes | Reconfirmed at sign-off: Addendum 1 Q3 states the 6-month term starts at contract execution. The RFP term reads '6 months from contract execution'. Mark Validated. | Q3, RAD:A-05 |

| Item id | Action | Note | Source refs |
|---|---|---|---|
| R-05 | changes | The residual risk is an execution slip past Feb 1, 2027. Mitigation: track the D-07 to D-08 approval chain weekly, and have the D-06 fallbacks and the Kansas escalation decided before submission so the 17-day window is used for signatures only. | RAD:R-05, RAD:D-07, RAD:D-08, Q3 |
| D-08 | raises | State signatures and funding approval are the event that starts the clock. No State approver or lead time is documented. Owner: Executive sponsor. Needed by Feb 1, 2027. | RAD:D-08, Q3 |
| D-07 | changes | Notice of intent to award (Jan 15, 2027) is the gate to start negotiation and the execution checklist. | RAD:D-07 |
| D-06 | raises | Execution depends on General counsel approving the | RAD:D-06, RAD:R-09 |

| | | fallbacks (Dec 8, 2026) and the Legal + UX lead decision on Kansas materials. | |
| D-05 | raises | The contract price placeholder (Section 3.1) cannot be filled until Finance approves the cost template (Dec 4, 2026). The liability cap and 5% change threshold depend on it. | RAD:D-05, RAD:A-08 |
| A-07 | raises | Key personnel holds (EMP-104, EMP-166, EMP-133, EMP-140) are needed by Dec 4, 2026 and become contract commitments at execution. | RAD:A-07, EMP-104, EMP-166, EMP-133, EMP-140 |
| NEW | new | Proposed dependency: an authorised vendor signatory is identified and available for execution by Feb 1, 2027. Proposed owner: | RAD:D-08 |
